MISSION STATEMENT

The Chamber is organized to advance the general welfare of the Central Pasco/Northern Hillsborough area so that its citizens and all areas of its business community shall prosper.

From Your President

Gary Williams
Bay Cities Bank

Have you done business with a fellow Central Pasco Chamber member recently? That question was asked of me recently and unfortunately I had to stop and think about the answer. I could not snap off an answer "Sure, I just used so and so last week!"

In the news I heard that home sales last month were the best they have been since 2006 in the Tampa area. My own mortgage department head told me they closed as many mortgages in the first quarter as they did the six months before that. So the housing market seems to be showing improvement, and of course the housing market is so important to this community. Now please don't get me wrong, I am not forecasting economic recovery and sales going wild and the end to high unemployment. But, I am hearing from some businesses that the spring has brought better numbers.

That brings me back to the original question. If small businesses are to recover and thrive, they will only do so if we all do business with our neighbor every chance we get. Online sales by large companies are growing and are useful. I had a friend pick out, negotiate price, order and finance a new car online. He then went to the dealer, signed the papers and drove off.

Many of our Chamber businesses have online ordering which is a great convenience. But, most also offer the personal service and knowledge of local business owners. A good example is Gary Secunda at Go2 Outfitters, who sells online worldwide, but has his store right here in Land O' Lakes. You can order from him online, or go by and talk to him and get his experience and assistance in making the right purchase.

If we each think about using our fellow Central Pasco Chamber members for our needs, maybe we can help another business on that road to recovery. If I spend my money with you, maybe you will even put it in my Bank. Everyone making money....Could happen.

Family Fun Bicycle Ride

The Griffis family wanted to thank George Clamp, Great Britain Tile for donating one of the bikes that was given away. Their son Charles was the winner. The other bike was donated by Bay Cities Bank

Dear George,
We recently attended the Family Fun bike ride at Connerton, in which you were the sponsor and the donor of a bike. I am happy to say my son was the proud winner of one of the bikes, and although it was the girls bike, he was able to exchange it for the boys bike. Charles, who is 4 1/2 loves his bike and wants to ride it everyday, which is wonderful in and of itself. The only downfall is Charles has an identical twin brother who of course wants the identical bike 😊, but we were due to buy them anyway, so we'll get him one too! I just want to say on behalf of our family and especially Charles, we want to personally thank you for your sponsorship and donation to a good and fun event that we look forward to attending next year. Furthermore, since we're in the process of putting an addition on to our home, we just may visit you for our flooring needs!

Thanks Again! The Griffis Family

**Letter from the Pasco Sheriff's Office
Bob White**

As you probably know, I will be retiring as your Sheriff at the end of April. This comes after much soul-searching and is done so that I might spend more time with my family. You and your family's safety has been my utmost concern during my tenure. This directly reflects my drive to put more deputies on the streets to deter criminals, decrease response times to citizen calls for service, and to catch the ones who do commit crimes.

I have the utmost confidence that the governor will select my replacement based on their ability to continue the strides in professionalism that

your Sheriff's Office has made in the last decade.

Pasco County continues to grow and so will its need for excellent law enforcement and detention service. Please continue to demand the best for those who put their lives on the line to serve you. I would like to thank the thousands of citizens whom I have served over the last 10 years. I have often said that this is the best Sheriff's Office in Florida for the money, and I am humbled by the hard-working deputies and civilians who make it that way. It has been my dream and my pleasure to be your Sheriff. Thank you.

Support The Troops

Harvey Rhinehart and Pastor Kuehn of Holy Trinity Lutheran present Bob Williams of Support The Troops with a check for \$1,200. Ambassador of the Month

Cheryl Herman

My husband Merv and I have lived in Florida 32 years and in Land O Lakes for the past 4 1/2 years. We have 2 daughters and 6 grandchildren.

I've been a Wowgreen Independent Distributor for 2 years, specializing in environmentally friendly cleaning products for residential and commercial use. Our mission is to "Free the World of Toxic Chemicals, One Household and Business at a Time."

In addition, recently I've become a Manufacturer's Representative for Syntropic Solutions, Inc., providing cutting edge nanotech solutions for the world!

I joined the Chamber in October 2009, and became an Ambassador in June of 2010. I really enjoy working with the Ambassador team and in that capacity, welcoming new members, attending ribbon cuttings, and helping out at Chamber events. In my short time with the Chamber I've met many wonderful people and have made several new friends.

I encourage anyone who wants to be more active in the community, make great business connections, and give back to the Central Pasco Chamber, that supports you and your business, to join the Ambassador team. I look forward to remaining active with our Chamber for many years.

Who Will Be the next

Lea Orchard, Central Pasco Chamber member and Ambassador, owns three Great Clips hair salons in Land O' Lakes, Lutz and Carrollwood. Her salon in Land O' Lakes is located at 7818 Land O' Lakes Blvd, in Arbor Square next to Publix, at the entrance to the Groves. Her salon in Lutz is next to the Publix at Dale Mabry and Lutz Lake Fern Road. Her Carrollwood Salon is at Fletcher and Dale Mabry next to the Fresh Market.

There are 2800 Great Clips salons across the U.S. and all are individually owned and operated. It is a "select service" business offering high quality haircuts at affordable prices seven days a week. Great Clips is a walk-in salon with low wait times. Lea feels that it is very important, as owner, to have a presence in the stores. She visits all three salons each week.

Since the hair industry is extremely competitive, Lea's staff at each store works very hard to make every experience at their salon very professional and enjoyable, with exceptional results. These salons have highly trained, friendly staff. They want the customer to not only return but recommend the salons to family, friends, and co-workers.
